Professional Concentrate

The wash of choice for Dog Lovers when the look and feel is of Prime Important

A gentle, safe and effective wash for Dog

Advantages:

UNIQUE: Dog wash is not just another dog wash converted from an anionic human shampoo type formula. Dog wash is an innovative, non-ionic rich, formula. It is purpose built and specifically designed for the requirement of dogs.

GENTLE: The large molecule, non-ionic wash actives maximise the gentleness of the shampoo gently lifting dirt and excess oiliness away without drying or irritating to animal skin. Dog was is safe for us on all Animal Coats.

EFFECTIVE: Dog was is specifically formulated to provide optimum cleaning and conditioning performance.

CONDITIONING: Dog wash contains super-fatting agents and coconut oil that remain after rinsing to replenish the natural condition of coat.

ECONOMICAL: Dog wash is a high quality and highly concentrated shampoo that gives superb results when diluted as directed.

Direction for use:

Dilute at 10-40 ml per litre of warm bath water.

Rinse through with tepid water.

DOG WASH

Product of Hammersley

204 Glebe Rd, Booval QLD 4304
